

“I NEED YOUR HELP TO SAVE
THIS REPUBLIC from
a Federal government responsible for:

A \$34 Trillion debt

and an open border, encouraging illegal
access to millions of people,
(costing \$\$ billions to support them)

We’ve been duped, swindled, conned and lied to!

The con works like this: Politicians get elected by giving away \$\$ billions for goods and services *they have no federal authority for* , with money we don’t even have!!

The only way to solve this problem, and truly unite us, is adherence to the Constitution

An Inspired Document

The brilliance of the Constitution (per the 10th Amendment), was to give the
Federal government **only the following authority:**

Article I Sec 8: Congress shall have Power to: Raise an Army - Navy - Coin Money
- Declare War - Tax - Courts - Regulate Interstate Commerce - Treaties - Post Offices - Patents -
Naturalization - Borrow money - Call up Militias - Punish Counterfeiting, **but**

...all the rest was left to the States!

Here is the Founders’ wisdom to restrain the Federal government ...

“The proposed government’s jurisdiction extends to certain *enumerated objects only* and leaves to the several States an inviolable sovereignty over all other objects” - **Federalist Papers #39**

“The powers delegated by the proposed Constitution to the Federal government are few and defined. Those which are to remain in the State governments are numerous and indefinite.” - **Federalist Papers #45**

We can correct this problem very simply, here’s how.....

**Stop voting for politicians proposing policies like the following:
(requiring massive middle class tax increases or even more debt!)**

Will these increase the debt? Are they Constitutional?

	Add to debt	UnConstitutional
Will forge a new social contract to <u>equalize racial income and wealth</u> (p.6, ¶ 1)	<input type="checkbox"/>	<input type="checkbox"/>
<u>Forgive all student debt</u> for anyone earning less than \$125,000 (p.71, ¶ 4)	<input type="checkbox"/>	<input type="checkbox"/>

***... alarmingly, each of these proposals is from
the Democrat National Platform (2020) .***

And there are many more, just like these

The Father of the Constitution, James Madison, explained what your responsibility is:

“If it be asked, what is to be the consequence in case the Congress shall misconstrue this part of the Constitution and exercise powers not warranted by its true meaning. A remedy must be obtained from the people who can by the election of more faithful representatives, annul the acts of the usurpers.” - Federalist Papers #44

**This means that if bureaucrats won't reduce the size of the bloated
Federal-government, it's up to you to vote for Congressmen who will !!**
